

Call for Posters

International Conference

Fribourg, Switzerland 6.-7. Nov. 2020

Islam at school / L'islam en classe / Islam im Klassenzimmer

At this conference we would like to give all participants the opportunity to gain insight into current research and to give scholars and young researchers the possibility to present their current work. Posters enable discussions about one's own research and facilitate networking with other scholars with similar research focuses.

Therefore, we invite upcoming scholars and researchers from Switzerland as well as from our neighboring countries to submit and present posters on their ongoing or concluded projects or qualification theses. A series of poster-panels will be exhibited on the conference site (7 Nov. 2020) and there will be space within the programme for the authors to present their work and respond to questions.

All posters must pertain to research within fields linked to the conference topic or closely related topics of Islam and school. The authors and titles of the posters will be listed in the detailed conference programme.

The posters should be of size A0 or A1 (either portrait or landscape). The language of the conference is French and German, but English can be used for presenting the posters. The production of the poster has to be done by the contributors themselves and the poster has to be brought along on the day of the conference. The conference fee will be waived for the contributors and one night hotel accommodation will be offered.

Application and contact:

Please send your application to: szig@unifr.ch

Submission deadline

(PDF file & description of max. 1 A4 page): 30.06.2020
